WORK EXPERIENCE

FULL STACK DEVELOPER IN NETLINK DIGITAL SOLUTIONS (KONY DEVELOPER)

Oct, 2021 – Till Date

Created a responsive Web based Application in Visitor Management System for HCL.

Developed responsive programs using programming languages such as JavaScript, HTML5 and CSS with the tool Kony.

This application handles the visitors approaching any environment. This application also provides multi-platform support such as IOS, Android, Tabs and Laptops. This application could handle the visitors along with visiting time and parked vehicles of the visitors. It could also manage the point of a person's schedule of visitors.

### Intern Software Developer in Techlivz Software Development
Jan,2021 – Aug, 2021

Worked in Kotlin Android for an online platform to book salon-at-home services.

Created responsive applications for various Android Devices.

PROFILE

To engage in a potentially challenging environment that matches my skill set to grow, learn, and improve. Talented Computer Programmer brings 5+ years of experience delivering error-free code within stringent deadlines. Comfortable with Agile frameworks and working collaboratively or autonomously.
